INTERBOURSE
IB2027

23.1.2027 – 30.1.2027
Courchevel, France
Organized by Team Paris

Dear Interbourse Family,

We fully appreciate that your thoughts might be tuned into Summer occupations currently, but behind the scenes, the Paris organizing team is already fully mobilised to deliver an **unforgettable 2027 58th Interbourse edition** where we aim to combine **top-level networking, premium experience, and world-class skiing**. **There are less than 220 days to go...!**

Courchevel closed its slopes at end of April after a fabulous 80th Winter season with the inauguration of the new Chenus gondola lift – which will be of direct use to us. Two world cup alpine races took place, alongside a multitude of other events on and off the slopes, including a stage of the Ski Mountaineering World Cup and the 74th ESF national French ski instructor's competition which comprised circa 40 events, attended by 2500 competitors!

👉 Feel free to share this newsletter with colleagues, business partners, or any finance professionals who might be interested - the strength of Interbourse comes from its community!

IB2027 Accommodation update

We also thank those who have already booked their accommodation.

For those who have not yet sorted out their accommodation, some of the options that we had as part of the package with the Courchevel Tourism have already expired (Hotel Olympic, Résidence Chalets du Forum, Hotel Le Montana), or have been fully booked (Hotels Monts Charvin, Hotel Les Flocons).

Others remain open as indicated on the website, until mid-August:

- The Hotel Le Crystal still has some space (at time of sending, 8 rooms available out of a total of 20)
- Further availabilities can be found at: the Lake Hotel, Le chalet des 3 Oursons in La Tania, apartments in the Résidence Grand Bois, and the Hotel Ecrin Blanc

As it currently stands, from mid-August, we will no longer have the rooms/apartments we are currently offering. You will need to either find your own accommodation or contact the tourist office individually. We will no longer be able to manage this for you. We are trying to extend some of the allotments, but these may not be renewable with the same terms and conditions.

Please note that the balance payment for all Interbourse accommodation is the 6th of November at the latest. Reminders will be sent in due time. Also, please note that a refundable deposit will be required by credit / debit card for the apartment and chalet options.
